OWEN BROTHERS

Indications.
WASHINGTON, Sept. 5.—For Ohio Valley and Tennessee.—Continued cool and clear weather, with lower temperatures. In Tennessee northeasterly winds.

25 & 27.

The Main Street, the Main Store, the Main Clothing Business of the city is at 25 and 27 West Main St. Some time ago we told you we were preparing for your wants in the way of fall clothing. Today we are able to show you all the novelties in pants and fall suits. Call for the brown plaid or the nobby pincheck. They are here with others.

It's time to think, to talk, to calculate, to economize in matters of fall wearings. What has the past taught you? Is it that our stocks seem tumbled about 20 per cent. below the general level of the market? Is it not in reality true? What else is to be expected after carefully considering our advantages? We're going to keep right on tumbling for an indefinite period. Now is the time to select that nobby pair of pants when the stock is new and full. If you want a plaid we can show some "daisy" patterns, and the same with smaller checks and stripes. The biggest bargain that was ever placed on the market is our line of boys' knee pants suits at \$2, \$2.50 and \$2.75, especially the \$2.75 (it would be cheap at \$3.50). A nobby line of checks and plaids in all the new colors and shades. Prices accordingly.

Time and space will not allow us to speak of our youths' department. It is full and running over with all the new things of the season. Call for lot No. 7905.

Steadily remember us on hats and caps, traveling bags, shawl straps and satchel straps. Not everybody knows what differences we make in prices. We shall be more than ever prepared to supply your wants with fall goods of every description. A quarter saved is not bad. A third is better.

THE CAROLINES AFFAIR.

"ENRAGED" MEASURES" DECIDED UPON BY SPAIN.

A Cabinet Council held in Madrid, presided over by King Alfonso, to discuss the question of the Spanish neutrality in the affair of the German ship.

MADRID, Sept. 5.—Later dispatches respecting German occupation of Yapa states that the governor of that island wished to resist the landing of the German marines but the commander of the Spanish man-of-war, San Quintan, refused to agree with the governor or to lend him any assistance. It is generally believed the commander of the Spanish man-of-war, Velasco, which was expected at Yapa on the 26th of August, carries with him energetic orders.

An official report has been made concerning the cabinet council held this afternoon, presided over by King Alfonso. The report says the government cannot now make public the measures decided upon, but that the country may be assured they are of an energetic character. The report further says the government decided "negotiations respecting an outrage on an integral part of Spanish territory are inadmissible."

A GERMAN NEWSPAPER DEMANDS SATISFACTION FROM SPAIN.
BERLIN, Sept. 5.—The National Zeitung, commenting on the scenes enacted in Madrid on the receipt of the news of the German occupation of Yapa, says: "Spain must give Germany necessary satisfaction for the events of last evening." The other newspapers are silent in regard to the affair.

FRANCE TO PRESERVE STRICT NEUTRALITY.
PARIS, Sept. 5.—Le Paris says editorially France has no reason to meddle with the Spanish-German quarrel, and that France would remember 1870. M. de Freydet, the French minister of Foreign Affairs, has telegraphed Baron de Michel, the French ambassador at Madrid, to observe the greatest prudence during the difficulty at Madrid over the Caroline affair.

An English Protestor for Egypt.
LONDON, Sept. 5.—Notwithstanding denials, it is averred, on good authority, that a number of the most influential foreigners residing in Egypt favor the movement for an English protectorate over the country as the only means of rescuing it from bankruptcy. Nubar Pasha, Egyptian minister of Finance, has telegraphed to the project. Nubar's support of the scheme, however, may be founded on his conviction that it would enable him to retain his portfolio. The khedive, on the other hand, opposes the project, and the British government, it is said, is not in favor of it.

Politics and the Church, in France.
LONDON, Sept. 5.—Goblet, the French minister of public instruction, has issued an official circular to the French episcopate, concerning the attitude the church may adopt in the coming general elections in France. He notifies the clergy that they are perfectly free to exercise their own discretion about the matter, but that the government will maintain of perfect neutrality concerning the votes of their parishioners and forbids them to use any influence upon the people in favor of any party. The clerical press has received this circular with derision. The religious editors argue that indifference on the part of the church in the face of two parties arrayed against each other, for and against Christianity, would be, not neutrality, but desertion from the faith.

A Corrupt Commission.
LONDON, Sept. 5.—Letters from Egypt make it plain that the commission which made the indemnity awards, which were paid out of the Egyptian loan, was a farce and fraud of the worst kind. The commission, it is charged, ratified claims for thousands of francs which were worth no more than the same number of centimes. In many cases, after giving certificates for claims, the commission was forced by the evidence of fraud to revoke the awards, but in many others, where the fraud was equally great, payments were made corruptly. It is positively stated that a majority of the claims paid have gone into the pockets of the members of an organized gang of financiers.

To Open Cleveland's New Music Hall.

LONDON, Sept. 5.—Mr. Bolton, of Cleveland, O., is negotiating with Mr. Abbey for the services of the Greater concert company, to assist in the dedication of the new music hall in Cleveland. The opening festival is announced for next November, and arrangements are making to have 1,500 singers co-operate in the ceremony. Mr. Bolton has communicated with Sir Francis Bolton to duplicate at the Cleveland festival his illuminated fountain and similar inventions.

A Mammoth Ship Canal Projected.

LONDON, Sept. 5.—Russia has sanctioned the plan for a projected ship canal, which it is proposed to cut from Kiel on the Baltic to a point on the lower Elbe near Cuxhaven, in the German ocean. The entire cost of the work is placed at 150,000,000 marks, of which Prussia stands ready to contribute 50,000,000 marks. The bill for the construction of the canal will be submitted to the Bundesrat after vacation.

Germany Fitting out Four Arctic Expeditions.

LONDON, Sept. 5.—Germany is fitting out four expeditions for arctic explorations, and recently sent a note to the British admiral asking for any advice on the subject which he was willing to give. The admiral replied fully, in a candid and generous spirit, and his communication has been received and acknowledged by Germany with the greatest courtesy.

CHENKINS, Sept. 5.—The Leader's special from Rock Springs, says the miners have returned to work. They declare that no less than twenty-five Chinese were shot down inside the burned building. Chinese are still arriving at stations east and west, almost dead from fright, and weak from fatigue and lack of food. They are all being shipped to Evanston by the railroad company. They reiterate the statement that many have died in the hills from wounds received in the attack upon them. It is reported that the white miners at Alamy, in the western end of the territory, have notified the Chinese laborers to the mines that they must leave inside of three days, and that the Union Pacific has guaranteed their removal within the time specified.

THE RIVER MINERS' STRIKE ALMOST GENERAL.

PITTSBURGH, Sept. 5.—If there were any changes in the status of the strike of the river coal miners today, they were in favor of the strikers. The operators' side met with the exception of eight pits the strike is general in the first three pits. The men in the fourth pit are still at work. They have always been a thorn in the side of the men in the lower pits, but the latter are hopeful that they will either be able to induce the fourth pit men to strike, or win without their assistance. Camps will be established on Monday. This mode of procedure led to wholesale arrests for conspiracy last summer.

How Many Wives Did Davis Have?

NEW YORK, Sept. 5.—A woman who said she was the wife of Tom Davis, who was killed by James T. Holland, the Texan, went to the surrogate's office today, and made application for letters of administration on her husband's estate. She stated that she had made diligent search for a will but that she had been unable to find any. She said the personal property left by her husband did not exceed \$700. He left two children. The application will be presented to the surrogate. It is rumored that Davis has left several wives. The operator's side met with the exception of eight pits the strike is general in the first three pits. The men in the fourth pit are still at work. They have always been a thorn in the side of the men in the lower pits, but the latter are hopeful that they will either be able to induce the fourth pit men to strike, or win without their assistance. OUT AMONG THE LODGES.

OPEN SECRETS OF THE OATH-BOUND BROTHERS.

Special Happenings Within the Lodge Gates—G. A. R. to Have a Camp-Fire Early in October—Objects of the F. M. C.—Resolutions of the K. of P.

The name of "Pat Mitchell" was adopted in honor of Capt. James A. Mitchell, 16th Ohio Battery, killed in battle May 16, 1863, at Champion Hills, Miss., in front of Vicksburg during the siege, and burned on the field.

Preparations are on foot for a mammoth camp fire, to be held early in October in this city, to which all the posts in this district will be invited.

Col. J. E. Stewart is hard at work on his paper on the battle of Shiloh, and the comrades may expect to hear something very interesting.

Two recruits were mustered at the meeting last Thursday night, and applications received from several more.

There is a determination on the part of the officers of Mitchell post to adhere closely to the laws, and to this end Commander Percid declared two chairs vacated by reason of non-attendance of the officers for three consecutive meetings without a reasonable excuse for such absence.

Chaplain R. F. Delo is a most valuable comrade, and is believed to be the best in the district.

Adjutant Charles W. Shearer is always at his post of duty, and the records of Mitchell post will compare favorably with any in the department.

Comrade H. C. Hawken blows the "assembly bug" from the trumpet, on the new bugle, promptly at eight o'clock every Thursday evening. Listen for it next Thursday evening. Comrades, and see if it does not send a new thrill of patriotism through your veins.

As the relief fund is running very low, and winter is almost upon us, the question of some kind of entertainment to replenish the funds, being agitated. Many of the comrades favor a grand military ball, on the 10th inst.

Invitations have been received by the chief officers of the G. A. R. in this city, to attend a meeting for the exemplification of the secret work by Commander Brown, in Dayton, on the 10th inst.

THE NATIONAL MUSIC CIRCLE.
The next regular meeting of the F. M. C. is next Tuesday evening, at which time several new applications for membership will be received.

The late Judge Okey, of Columbus, was the first member of the F. M. C. to die since its organization, Dec. 10, 1884.

Assessment Number 2 is called and payable on or before Sept. 20th.

Supreme Ruler Barnes and other supreme officers are making preparations for an active fall and winter campaign.

Worthy Collector W. S. Rabbitt is always pleased to see the members and extend to them the right hand of fellowship.

Only four more rulings in Ohio are needed to establish a grand ruling for this state, and the indications are that in the next ten days they will be required.

J. S. Resser, of this city, has been appointed a special deputy and will begin work at once in the State of Ohio.

The objects of the F. M. C. are: First—To unite in fraternal relations persons of sound bodily health, of proper age, and of good moral and social character. Second—For the mutual protection and relief of its members in case of temporary disability. Third—For the payment of stipulated sums of money to the families of heirs, widows or orphans of deceased, and to permanently disabled members.

Supreme Deputy Rooker organized two rulings in Detroit, Michigan, during the past month.

Provisions have been made by which the wives of active members can be initiated as associate members. It is hoped that the members of No. 3 will invite their wives to come with them.

The charter membership in this city is composed of forty-two of the very best young business men of the city.

Worthy Ward George Hart, of the telephone exchange, is a good and attentive officer, as is also the worthy recorder, Chas. C. Kilmer.

PYTHIAN POINTS.
Monarch lodge, No. 33, at the regular meeting last evening, initiated one stranger and closed up some minor business that has been pending for sometime.

The attendance in the ante-room of the lodge has been better than in the lodge room.

Champion City division, No. 14, was the first to arrive in camp and the last to leave.

Meas No. 11 was the center of attraction. Sir Knight Bailey, Elfrith, Evans and Elliott kept things moving, and everybody in a good humor.

The next Brigade Encampment will be held in Dayton, two years from now. Next year being the time of the meeting of the Supreme Lodge in Toronto, and quite a number of the members of No. 44 had their guests at dinner.

On Wednesday of the encampment, Division 44 had for their guests at dinner Gen. Henry Hemmiller, Assistant Adjutant Gen. E. J. Dewall, Surgeon Gen. Bowlsby, of Gen. Canabach's staff, Col. J. W. Myers, aide-de-camp to Gen. Hemmiller, and Felix Rosenbaum, of the Cleveland Plain Dealer.

Assistant Inspector Gen. E. J. Close tendered the use of his commodious tent to the officers of No. 44 the night of their arrival in camp, but it was declined. They preferring to remain with the Division.

No. 44 is under obligations to Sir Knight F. A. Krow, of Red Cross Div. No. 27, for the many favors received during the encampment.

The Cleveland Knights done all in their power to make the encampment a success, and they succeeded, at least in making it very pleasant for 44.

Freux Cavalier Division maintained their former reputation for entertaining in first-class style, keeping open house all the time, where sir knights were always welcome.

Sir Knights E. A. Cain and W. E. Killen, of No. 6, were the guests of No. 44 while they were in camp.

Division 44 is under obligations to Mr. D. E. Roche, of the L. B. & W. for favors, he making a trip to camp that he might extend the limit of the tickets.

At the meeting of Division 44 resolutions of sympathy for Gen. Hemmiller, and of condolence for Sir Knights Bandman and Farman, who were drowned, were passed and forwarded to their respective divisions under the seal of the division.

Sir Knight Frank Crain came from Cincinnati and joined 44 during the camp.

At the regular meeting of Division 44 last evening the following resolution was presented by "Mess No. 11" and adopted: That a vote of thanks be tendered to the ladies of this division for their zeal and untiring efforts to promote the success of the division, and to those who were present much in due to the pleasures enjoyed during the late encampment, and that we fully realize that our success in the future to a large extent depends upon their continued assistance and cooperation. With the hope that harmony and unity may always prevail we return you our thanks.—R. T. Bailey, J. S. Elliott, B. O. Elfrith and W. H. Evans.

PATRIOTIC ORDER SONS OF AMERICA.
Camp 31 elected applicants to membership and received one other application at last meeting.

Remember the state camp is to convene upon the 10th inst.

A COWARDLY MURDER.

A Hoosier Rough Kills a Neighbor to Escape Penal Service.

BLOOMINGDALE, Ind., Sept. 5.—"I am going squirrel hunting," said Wes Mayfield, of Green township Thursday morning, as he lifted his double-barreled shotgun from its place over the kitchen door. George Lytton, aged twenty-three, a neighbor, had just passed the Mayfield farm with the cows, but no connection was just then seen between Wesley's sudden impulse and the latter incident.

Half an hour later, however, Lytton was found dead in the road with the top of his head shot off, and Wes Mayfield subsequently turned up in the custody of the constable, having surrendered. He told the officer that he met Lytton on the road, and that the latter put his hand to his hip pocket, when he let go with both barrels of his gun. It was discovered, however, that Lytton was not only unarmed, but that he had no hip pocket, and nothing on his person but a pocket-knife and comb. Mayfield is 26 years old. He owed Lytton a grudge, resulting against him in a preliminary hearing for arson in burning Lytton's wheat stacks, and is now, with his brother, bound to court on that charge. It develops that Mayfield deliberately lay in wait for Lytton, and murdered him from a fence corner, without a word passing between them. The murderer was held for pre-meditated murder.

Attempted Suicide.
CINCINNATI, O., Sept. 5.—Mrs. F. D. Kutz, wife of Frank D. Kutz, a well known salaried man, shot herself with her husband's thirty-eight caliber revolver immediately below the left nipple, cutting the coating of the lung and passing out the back, breaking one of the lower ribs. The shot passed through the body and struck a chair, through which it passed and lodged in the floor. She fell insensible. The wound is dangerous. At a late hour this morning there was little hope of her recovery. Mrs. Kutz took poison in the morning, and not being attended, expressed a determination to kill herself by shooting.

Wronged Children Find Justice at Last.
COUNCIL BLUFFS, Ia., Sept. 5.—On April 14, 1885, Mrs. Symes Avery died at Taunton, Somerset, England, leaving her estate, valued at over \$200,000, to her two children, Ada H. and David Symes, aged fourteen and ten years, and Avery, the stepfather of the children, absconded with them and brought them to this city, where he has been living since June 17, with the fourteen year old girl as his wife. E. H. Hodge, of Somerset, England, the legal guardian of the children, arrived here today. Avery has disappeared.

He Retained the Presidency.

ST. LOUIS, Sept. 5.—Gen. Wm. T. Sherman, who arrived here this morning, immediately declined to accept the presidency of the local Grand monument association, to which he had been elected during his absence. He will not consent to have anything to do with soliciting subscriptions for the monument here. He says that he was consulted by the Grant family, and therefore that he committed to the interest of the Grant monument in New York. He owes his services to the G. A. R. and the Army of the Tennessee, if they decide to erect monuments.

Boston's Drinking Water Impure.

BOSTON, Sept. 5.—The investigation of the water supply from the Sudbury river and the Cochichewick has been concluded by the Norfolk and Suffolk Medical Society, and their report says that the water of the Cochichewick is the chief source of supply for Boston, is very dangerous to health, and is daily growing worse. An analysis of the Cochichewick water shows that by comparison with the water supply of fourteen other cities Boston contains the largest proportion of sewerage contamination.

Removed by a Committee of Clerks.

WASHINGTON, Sept. 5.—One of the effects of the withdrawal of one and two dollar notes from circulation is shown in the increased demands on the treasury for five and ten dollar bills. It was found necessary to transfer a large amount of these notes to New York yesterday. They were taken over by a special committee of treasury clerks, who returned this afternoon. Treasury Jordan prefers this method of transportation when large amounts are to be moved.

Presentation to the Manager of the Pittsburgh Club.

PITTSBURGH, Sept. 5.—The game today between the home team and the Cincinnati was listlessly played, and resulted in an easy victory for the visitors by a score of 6 to 2. The contest ended the championship season here, and the players and managers of the Pittsburgh club presented Manager Horace B. Phillips with an elegant gold watch and chain.

A Disastrous Freight Wreck.

KALAMAZOO, Mich., Sept. 5.—The east-bound freight train on the Chicago and Grand Trunk railway between Battle Creek and Climax ran into another freight, also east-bound, that was stalled on an up-grade, at 3 o'clock this morning, demolishing eight cars and damaging as many more. John Lynch, riding between two of the cars,
